SystemsFair 2027 Introduction

Jan 13, 2027 | 10AM–4PM | SFU Surrey Grand Hall

To all potential SystemsFair 2027 companies:

Why participate in SystemsFair 2027?

- **Recruit faster** by meeting co-op students, graduates, and alumni.
- Connect with **top SFU Surrey engineering talent** + innovative design teams
- **Boost company visibility** within the SFU engineering community

What's in it for your company:

- **Connect with Talent**: Meet SFU engineering students seeking co-op and full-time roles.
- **Recruit Future Engineers**: Engage with candidates and conduct informal interviews.
- **Showcase Your Company**: Showcase products/projects, innovations, and career opportunities.
- **Boost Brand Visibility**: Gain exposure through event promotions and social media.

SFU Surrey snapshot:

- Modern, industry-focused campus in a fast-growing tech region
- Programs emphasize **teamwork, projects, and real-world readiness**
  - Mechatronic Systems Engineering (MSE): Robotics, Automation, Embedded Systems
  - Sustainable Energy Engineering (SEE): Renewables, Energy Systems, Green Infrastructure
  - Software Systems (SoSy): Software Development Applied Computing, Architecture
- Student design teams engaged in projects in **robotics, satellites, rocketry, and EVs**

Please contact us at profevents@msess.ca to obtain the full sponsorship package to learn more about what to expect at the career fair and what SFU has to offer. We'd love to have your company at SystemsFair 2027!

Sincerely,
Kenta& Kaden (SystemsFair 2027 Co-Directors)
